This application is in condition for allowance except for the following formal matters:

The disclosure is objected to because the continuity information is inaccurate. The instant application does not contain the same disclosure as the parent application, U.S. Application Serial No. 09/032,830, and thus cannot properly be termed a continuation thereof. The specification should be amended to identify the instant application as a Continuation-in-part of this parent.

The oath or declaration is defective. A new oath or declaration in compliance with 37 CFR 1.67(a) identifying this application by application number and filing date is required. See MPEP §§ 602.01 and 602.02.

The oath or declaration is defective because:

It is a copy of the oath submitted in the parent case, when the instant application is not a continuation of the parent case.

The specification to which the oath or declaration is directed has not been adequately identified. See MPEP § 602.

This application presents a claim for subject matter not originally claimed or embraced in the statement of the invention: the use of a laser. A supplemental oath or declaration is required under 37 CFR 1.67. The new oath or declaration must properly identify the application of which it is to form a part, preferably by application number and filing date in the body of the oath or declaration. See MPEP §§ 602.01 and 602.02.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
